Reference for Mario Cisneros

To Whom It May Concern

Mario worked for us from July 2016 until June 2017 and during that short time did valuable work for us in UX design and frontend application development. He collaborates well and, with minimal direction, also took a lead role in the design and development of digital marketing materials for our small company.

Mario is an excellent worker, and I would consider him to be a valuable asset to any organization he joins. He is loyal, imaginative and proactive, and can be counted on to produce excellent work - and always on time.
